Duryea Borough Work Session Tuesday, May 26, 2026 at 6:15PM (end at 7:30)

Attendees: Jim Gromelski, Allison Brudzinski, Justin Tonte, Stephanie Shupp, Gino Marriggi, Mayor Trina Moss

Absent: Mike McGlynn, Jeff Hoover

Gaming and Animal Ordinances- Bill to advertise for June meeting.

Parking Ordinace-

- Need to determine if we go by vehicle width, street width, etc.
- Keith Moss suggested putting "at the discretion of the police department" comment in the ordiance.
- Attorney Watt mentioned about specifying the width of the road, and Keith Moss added that there is no consistency in street width. Danny Nicheporchek was supposed to get the street widths.
- Attorney Watt suggested leaving the existing ordinance as is and to just add about the discretion of the police.
- Chief Lohman mentioned about adding obstructing view comments.
- Gino Marriggi asked about the covenant for Blueberry Hills and question parking on the streets there. Keith Moss said that there is no covenant.
- Attorney Watt said that it is at the discretion of the borough to enforce the ordinance.
- Jim Gromelski suggested maybe adding language about taking up 1/3 of the street. Said that due to the issues with the road condition on lower New St, now residents do not park on sidewalk, causing vehicles to stick out on the road more.
- Attorney Watt mentioned the dimensions of 8ft wide/8ft high/20ft long
- Justin Tonte suggested a grace period after ordinance has passed
- Chief Lohman suggested sending a letter to the owner of the RV parked in Blueberry Hills to see if they would move it. Allison Brudzinski said she would be willing to write the letter but will not deliver it.
- Mayor Moss brought up the parking issues on Clark Road and asked if we could put "No Parking" signs by the repair shop.
- Attorney Watt wasn't sure if we needed a traffic study to put the signs. Keith Moss suggested a resolution about not parking on Clark Road. Attorney Watt to research how to move forward.
- Mayor Moss mentioned about the tree on Railroad Street that juts into the roadway. Gino Marriggi asked if we could remove it. Bobby Webb to measure the tree distance to see if it is on Railroad property. Attorney Watt to review after getting the necessary information.

Salt Shed-

- Danny Nicheporchek to get quote from Cremard for use of the excavator.

WVSA/Lincoln Street

- Keith Moss said he thought we were waiting for an email from Amato.
- Attorney Watt suggested we use the WVSA money to help.
- Stephanie Shupp suggested moving forward through the purchasing committee. All agreed.

Mitchell Street Project-

- Keith Moss not sure how Mr. Radle is going to get the easements. Stephanie Shupp mentioned that he currently has verbal agreements but that he now has to get them in writing.

Fire Fighter Stipend Program-

- Attorney Watt working on finalizing resolution for review.

Fire Police-

- Stephanie Shupp mentioned about request from Fire Police for the police pick up truck that will be going out of commission once we receive the new police vehicles.
- Bobby Webb said he doesn't really need a pick up truck anymore and could use the SUV.

Easements-

- Attorney Watt is working on the easements for the trail as well as the subdivision of the Glodzik property. Said Amato should start the surveying and planning for the meets and bounds.

Campbell's Ledge-

- Stephanie Shupp mentioned that Jared Abel is interested in coming to the July work session to discuss phase II of the Campbell's Ledge project. All agreed.

BRIC-

- Allison Brudzinski asked if we need to approve the BRIC at a meeting?
- Gino Marriggi mentioned that he will be seeing Congressman Bresnahan and could ask him.
- May need motion in June since applications are due June 19th.

PCCD-

- Mayor Moss mentioned that the police are going to be applying for a PCCD grant for updated technology and a drone.

CDBG-

- Mayor Moss asked if it could be used for Wright Street improvements.
- Chief Lohman mentioned the 1200 block of Spring Street between Hope and Carol Street is in need of paving.
- Allison Brudzinski asked if funds could be used for the Healey bathroom upgrades.

Winn Way-

- Gino Marriggi mentioned that it was requested for Shaft Street.
- Jim Gromelski said that a commemorative sign was accepted by the Winn family which would not require any households to update their addresses. There was issue with the term "Shaft". Everyone is ok with putting a commemorative sign.

Pave Cuts-

- Keith Moss said that he was asked to get a permit for the pave cut. Daryl from Penn Eastern said that they need to pave the whole length of road from curb to curb. The Sewer Authority plans to fill the trench and then black top the cut. He said that the Sewer Authority is a Borough Entity.
- Attorney Watt agreed with Keith Moss that the ordinance was put in place to prevent issues with roads after work has been done. He suggested possibly getting a letter of intent from Borough Entities of any work that will be done so the Borough is aware of the projects. Said that if you know the entity is responsible and does the work correctly, it is ok.
- Keith Moss said that plans were sent to Penn Eastern.
- Attorney Watt said we all need to get on the same page moving forward. Should get on the next agenda to determine which rules apply to which entities.
